EMIGRATION.

RESOLUTION.

Simla, the 6th August 1914.

Intimation has been received from His Britannic Majesty's Consul at Pernambuco that Indian immigrants run a great risk in proceeding to Brazil with no knowledge of the Portuguese language, without assured employment, or with insufficient money to reach their destination should they have work assured to them, and that the wages for unskilled labourers in Pernambuco are insufficient to provide for the wants of Indian immigrants owing to the dearness of the necessaries of life.

The Governor General in Council accordingly requests all Local Governments and Administrations to give the above intimation wide publicity, particularly in places from which emigration to Brazil is believed to be most common. Intending emigrants should also be warned at the port of embarkation of the risks they run in proceeding to Brazil.

Ordered, that a copy of the above resolution be forwarded for information and guidance to the Local Governments and Administrations noted in the margin and to the Home and Foreign Departments for information.
